Volume Twenty-eight

Lockland High School

Lockland, Ohio

Foreword

We endeavor to bring to you in this 1946 Dictograph, no special theme or moral, but the simple, plain joys which we have enjoyed in the last four years.

Therefore, the Senior Class, brings you the twenty-eighth edition of the Dictograph.

Dedication

MILLARD (Skeet) KUNZ

We, the class of '46, gratefully dedicate this Dictograph to Mr. Millard (Skeet) Kunz for his willing and cooperative help through our past school years.

Skeet, a graduate of L. H. S. in 1918, and a member of the Board of Education since 1940, has become a necessity to our school life.

As a business man in our city, he has helped in all our school activities and projects. Skeet's willingness and encouragement in all our affairs is greatly appreciated by the Class of '46.

GEORGE J. BAUER
Vice President

The first year of peace after a second world conflict has arrived. The bright tomorrow for which all of us waited is now ours. The corner has been turned. Frankly the glorious expectations seem disappointing, but we still hope this day is yet to come.

During the last two years of the world conflict the members of the Board of Education were thinking of this year when the new building expansion program could get started. Now, the year is one half gone and still there is no beginning. No bright future can appear even after a terrible catastrophe unless men everywhere are willing to work for it. Even so, the Board of Education is not discouraged. Progress is sometimes made by two steps forward and one backward. The backward step is war reconstruction and it is no doubt necessary, but the Board expects to push their post war project as rapidly as possible. Within the coming year, in addition to operating the schools in the traditional fashion, it hopes to see a new addition to the present high school wing rising to the north. Many thanks to the voting public who have made this needed improvement possible.

In Memoriam

J. W. Sullivan

President, Board of Education
1932-1939

Mr. John W. Sullivan's death of March 8, 1946, was not only a shock and loss to the bereaved family, but to everyone who knew and was associated with him.

Besides his being President of the Board of Education for eight years, Mr. Sullivan was also President of the Lockland city council for 12 years and was an associate member of several business concerns.

As President of the Board of Education, he made definite progress for his service of eight years.

During the years Mr. Sullivan was President of the Board, the Arlington and Wayne Schools were built, the scholastic standards were raised to equal or excel state standards, and true service was given at all times.

Clarence E. German

President, Board of Education
1912-1916

Clarence E. German was interested in civic affairs and served four years as President of the Board of Education. He was instrumental in promoting the erection of the present School Building which took the place of the one built in 1881. The addition of Auditorium, Gymnasium, and other departments were of great pleasure to the youth of Lockland and the cultural influence of the Lockland High School which was instituted on 1890.

Robert Carlson

President, Board of Education
1926-1927

Member of the Board for fourteen years and was President of the Board for two years during the building of the present high school addition. He was founder of the Carlson Hardware Co., Lockland and Treasurer of the Keystone Hardware Stores.

Classes

To The Seniors--

By the time this appears in print the class of 1946 will have completed the work which your community demands before a diploma is granted. Within a few days, thereafter, you will receive these diplomas.

There will be the thrill of accomplishment and the joy that comes from work well done. To some there will come regret at the ending of the most carefree and pleasant period of life.

To all should come the realization that you have progressed another step along the road to maturity. The public which used to be charitable regarding irresponsibility, laxity, and non-punctuality will now be most exacting. They will expect you to act grownup.

For all there should be the understanding that commencement is just what it says—a commencement or beginning of some phase of work to justify our presence in the world of work.

We, the faculty and administration, wish you well. We only remind you that failure comes more often because of the breakdown of human traits than through inability to learn the technical side of jobs. Therefore, we urge you to: get along with your fellow men; set yourselves high standards of responsibility and dependability; cultivate initiative; be ambitious, but be true to high ethical standards; and above all, be loyal to your employer and fellow workers, to your community, to your nation, and to your God.

—I. C. Shell

Class History

Way back in 1942 over one hundred members of the class of '46 sat timidly in the auditorium listening to Mr. Dungan explain about a regular and a pep assembly and Mr. Shell assigning home rooms. At first we were all shy but when activities started we came out of our shell and proved our worth by "putting over a paper drive."

In 1943-44 our sophomore year, we devoted most of our time to studies, especially biology where we cut up frogs and worms.

The following year, we were all enthused about raising money for the prom and more money for a trip to Washington. We worked at the Jyp Joint, sold Thanksgiving Day programs, gave dances, sold cards, presented our junior play, had a paper drive and sponsored a boat ride. On May 11, we had the prom at the Hotel Sinton in the Rookwood Room and still had money left for our trip.

Our last year, 1945-46, with fifty members of the class left, we all worked together by presenting a minstrel show and a class play, selling more cards, class pins, pictures, and peanuts, and had bake sales.

This year has been marked with many memories, receiving our class rings, going on our trip to Washington, D. C., getting the "Dictograph" off to press, winning the plaque for the first time, the prom, baccalaureate, class night, and finally last—but not least—GRADUATION.

Class Of "46"

First, there is Ruth the President of our class,
A friendly and a most winsome lass.
Next in line our Vice President as it should be,
Is a mellow fellow called "Untz" only by me.
To take the notes and read them too is—guess who?
Why "me" of course, and who am I? That's up to you.
Our money we trusted to "Dot" to "handle with care."
Because we knew she was honest and fair.
Now that you know who conducts our class meetings,
I'll tell you about the rest in this little greeting.
They're a grand group of boys and girls who leave in June
With stars in their eyes and their goal—the moon.
I have great confidence in these little men and women of tomorrow
Therefore, there is in my heart happiness—and no sorrow
They will make you proud and not ashamed
Who knows? One of us may be headed for the hall of fame.

Prophecy Of The Class Of 1946

In a beautiful hall decorated in turquoise and silver trimmings with red roses, we see four people hustling about preparing for their class reunion. It has been ten years since they have seen their fellow classmates; and as the time approaches, they impatiently wait for them to arrive. As we take a closer look we see Ruth Ostholthoff, the former class president, now a promising young lawyer, using her gift of gab to the best advantage. Standing near by we see Edward Sharpshair, the former vice-president of the class, a noted journalist who is ready to step into the position of editor of "Life" magazine. Seated at the head table is Miss Anna Lee Lynd, the former secretary of the class, who will sing a solo for the group. Her talents are appreciated not only in opera but also on the radio. Her chief hobby is singing commercials. Beside Miss Lynd is Dorothy Mueller, the former treasurer of the class. Miss Mueller, after completing her outstanding college career, has entered into the field of social work with the purpose in mind of clearing the city of beer parlors.

The first person to arrive is James Ahlers, a mad chemist who has just completed his famous book on atomic energy. With him are his old friends John Castner, Harold Jorgenson, and Leonard Bollmer. Mr. Castner is an electrical engineer who is doing vital work in the field of television. Mr. Jorgenson, employed by the same company as Mr. Castner, is using his super salesmanship in the selling of television sets. Mr. Bollmer, a coach at one of the large universities, is worried about the championship game between his team and the team of a rival university whose coach is Tom Hawks, another outstanding athlete of '46.

Coming through the door are the twins of the class, Misses Christine and Ernestine Dunn. Their love for shorthand and typing has given them their careers. They are living in Washington, D. C., and are stenographers to the vice-president. With them are Miss Norma Sowder and Miss Colleen Wiles. Miss Sowder is wearing one of her original creations. She has entered into the professional field and has her own dress shop in New York. Miss Wiles is employed there as a buyer of other creations.

Now we see Ed. Sharpshair greeting the four buddies, Bill Heglin, Jack Heglin, Jack Muhlenpoh, and Bob Burns. Mr. Bill Heglin is the owner of the exclusive night club in Cincinnati, the only one of its kind. His brother Jack had much to do with the designing of the club. He is now world famous as an architect. Mr. Muhlenpoh is employed at the night club and is famous for his creation of the new mixed drink, "Old Daze." Mr. Burns, a very good artist, has given up the serious side of painting and has joined with Mr. McDaniel, another member of the class, in the creation of the comic strip "Terrible Tessie."

Seated by the large bowl of roses are Misses Peggy Long, Gay Nelle Whitt, Margie O'Brien, and Naomi Schultz. Misses Long and Whitt are Power's models. Their feet can be currently seen in the Shinola Shoe Polish advertisement. Misses O'Brien and Schultz, after leaving business school, have excellent positions at the interior decorating firm which is under the management of Miss Doris Pittman and Miss Roberta Clevenger. Coming toward them are Sandra St. John, Jean Avra, and Roberta Glaser. They combined their talents and joined a traveling side show under the billing of "Three Forget-me-nots."

Sitting close by are Mr. Paul Lacey, Mr. Gene Johnson, and Mr. Elmer Wallace. Mr. Lacey is smoking the tobacco he made famous by removing all the odor. He can currently be seen pressing clothes at Rex Dry Cleaners having advanced there after driving the truck. Mr. Johnson is the head radio electrician for the new radio station, ICU. Mr. Wallace is history professor at one of the local universities.

Across the floor sits the Bayhan sisters, Virginia and Beverly, with Clarissa Poteet and Juanita Noble. Virginia and Beverly have turned domestic and are busy keeping house besides being general managers of Dow Drug Stores. Miss Poteet and Miss Noble are graduate nurses and have put their efforts together to establish a day clinic in the city.

Checking their coats are Misses June Allen, Dorothy Jefferson, Peggy Pollard, and Glenna Keeton. These four can be heard daily over the radio. Miss Allen portrays Sylvia, in the daily soap opera, "Sylvia Sacrifices Self for Son." Miss Jefferson sings on her own program, "The Jefferson Contented Hour," Miss Pollard is heard on the afternoon barn dance singing and playing her magic guitar, and Miss Keeton can be heard every hour on the hour saying (Quote) When you hear the dash it will be exactly . . . (Unquote).

All is quiet for a second. The reason? Miss Bessie Master, the famous artist, second only to Angelo, Vera Lawrence, the noted Hollywood dress designer for Vera Hage, and their personal stenographers Genevieve Farmer and Kay Borosch have entered the room.

As things return to normal Fred Brockmeyer, Ed. Muhlenpoh, and Don McBeth wander into the room. Lt. Commander Brockmeyer looks very stunning in his Navy uniform. He has desided to make it his life's career. Mr. Muhlenpoh has developed into quite a muscular man. His plumbing business besides building his muscles has kept him very busy the last few years. Mr. McBeth has also entered the professional field. He is now part owner of a garage for repairing automobiles. With them are Miss Georgia Byrley, Miss Norma Hassler, and Miss Martha Mesley. Miss Byrley after receiving her certificate in nursing remained at the hospital to be head nurse of the fifth floor. Misses Hassler and Mesley, who were college roommates, are thinking seriously of devoting their time to traveling for their respective corporations.

The group has quieted and the program is ready to begin. All of a sudden, the blare of a trumpet burst into the hall. It gets louder and louder. Finally at the door appears Mr. Troy Kaper and Mr. Albert Ballbach. Mr. Kaper, a second Harry James, has been in a great many movies this year with his band, the Kiddy Kar Konsolers. Mr. Ballbach is Mr. Kaper's private valet and chauffer having received his training at Skeet's.

Roll is called and after finding everyone present—but wait! Where are their past senior advisors? There is a faint knock on the door. Miss Ostholthoff goes to the door as all heads turn and all eyes are glued on it as it slowly opens. It is a messenger boy bringing the news that Miss Love, Mr. Buechner, Mr. Shell, and Mr. Dungan can not be with them because they must prepare the exam for their students for the following day.

Now we leave the reunion of the Class of 1946 of Lockland High School being assured that all will have a lot to talk about just gobs and gobs of fun.

—Dorothy Mueller

Junior Class History

When the class of '47 first came into High School, we were a little (?) timid, but we soon recovered our poise.

We have shown our ability in most of the school activities. The Juniors did themselves credit in the field of sports; the class added the plaque to their laurels; we made the "Gyp Joint" a prosperous undertaking and finally, we were able to realize the prom through a successful Bake Sale.

We hope that our last year will be as bright as our previous years have been.

Class Events

Although many times during their four years of activity in high school classes aren't outstanding, they usually manage to keep up with the times as we have tried to do. We had varied ideas for our years accomplishments and with our class to back everything we did, our morale was held high with each undertaking. During the course of the year we had several juke-box dances and on Thanksgiving Day we sold football programs. As it is customary, we also concentrated our efforts on making the "Gyp-Joint" a big success. We gave the Senior Class a prom, held several bake sales and presented our Junior play, entitled "Footloose." It was our policy through the year not to confine our honors to sports alone. We succeeded in winning the scholastic plaque several times. Our class was well represented in all school competition this year, and it is our fervent wish that we may continue to have the wonderful guidance that we have enjoyed the first three years.

—Evelyn Hunziker

Junior fellows are on the beam
While Junior girls are all a scream;
When it comes to looks, they're never blank
And fun—Oh Yes, they're tops in rank.

So, as we've gone from year to year
Our success began with "Joy and good cheer;"
As tears and fears we put in past
Our Love for Lockland shall always last.

Now as we take our little bow
We send Good Luck to you—and how!
'Cause all good children go to heaven
They're sure to meet the Class of '47.

Sophomore History

In '44 our greatest dream had finally materialized. We were neophytes, or better known as the "Class of '48." Following age-old tradition, we, as Freshmen, were initiated in to the portals of L. H. S. Then we settled down (period).

Another year, another goal; we arrived as Sophomores. Football, basketball, clubs, class work and even books were within our reach.

Our goal is to make L. H. S. proud of us, the "Class of '48."

Freshman Class History

In September, 1945, the historical '49ers quietly sought their way through the halls of Lockland High. After a month of meekness, we recovered with the initiation. At our first class meeting we selected Don Kinman as President; Vivian Fetter as Vice President; Laura Vander Werff as Secretary; and Gerald Clemmons as Treasurer.

We are very well represented in athletics and as for scholarship we are working for the highest standards.

Make way for the class of 1949, for if we continue to be as successful as we have been, we might become as fortunate as our "Upperclassmen."

Eighth Grade

This school year has rolled around rather quickly, but not without our being able to accomplish something worthwhile. We have received nearly thirty dollars from the Ohio sales tax stamp refund. It has taken a lot of work to count them though.

We have sold $283.75 worth of magazines. The total for the 6th, 7th, and 8th grades was approximately $675. Clyde Barnes sold the highest amount; Paul Monroe was next highest.

There have been two new teachers this year. Miss Burkholder, who has been here since the beginning of the year, and Mr. Thompson, who has been with us since March 4th, when he took over Miss Eberhardt's place.

The boy's basketball team has done fine this year. The girl's has done well, too. Thanks to the G. A. A. for letting the Jr. High girls join.

Three new eighth grade drum majorettes have been added to the band, Patricia Norton, Juanita Wainscott, and Joyce Murphy. They're doing very well.

We have had two skating parties this year, and an eighth grade Christmas party, which everyone enjoyed immensely.

We've had a lot of fun this year, and hope we'll have just as much or more next year.

—Laverne Whitt

Seventh Grade

The seventh grade has had a very fine year. It has appeared at times, however, as if there were too much homework.

Miss Eberhardt, one of our favorite teachers, resigned March 1 to get married. The vacancy caused by her resignation was filled by Mr. Paul H. Thompson, a former lieutenant in the U. S. navy. In addition to his teaching duties Mr. Thompson assumed the duties of high school track coach.

We hope the class of "52" will enjoy its introduction into the seventh grade as much as we did. They are, however, in for some hard work.

The Student Council of Lockland High School was organized for the year 1946, with the following officers:

President	Anna Lee Lynd
Vice-President	Minart Trump
Secretary	Evelyn Hunziker
Treasurer	Joyce Lacey

The council met at regular intervals during the year on the first and third Monday of each month. As the council is the student governing body of the school, we were always open for constructive suggestions from our fellow students. One of our greatest tasks was collecting and compiling the list of names for the Honor Roll. We were highly honored in January when we were recognized by the Student Honorary Society. As an annual event, our council made a visit to St. Bernard and Loveland High Schools for the purpose of finding ideas applicable to our own system. Much knowledge was gained in regard to the power of other student councils. We tried to improve our faults by launching a poster campaign so that we could show the students where we could improve. The council found this particular way to be very successful.

We, the council of '46, hope that our year of governing will be added to the others that have been remembered as 'being worthwhile.'

This twenty-eighth volume of the school annual, "The Dictograph" has been prepared and published by the Senior Class for your enjoyment and your pleasure.

After the staff had been chosen by the class in November, it settled down to choose a printer, photographer, and engraver.

In the month of December the photos were made and the Dictograph was on its way to another year of glory.

The early part of February copy was called for with little response. But after a little urging and with the deadline coming close, the response was readily accepted.

Under the leadership of Miss Love, Mr. Dungan, and Mr. Buechner, and the support of the staff, another volume of "the Dictograph" is presented to you.

The second year of the Lock L And Key was as successful as the first. Successful in the sense as a school paper, activities calendar, and a paper of extreme importance. The eight volumes which were published this year were under the guidance of a cooperative staff and under the leadership of the advisors, Miss Love and Mr. Buechner.

In the near future, we hope, the Lock L and Key will expand and prosper as much as is has in the last year.

Four years ago we decided in one of our class meetings to form a Travel Club with the purpose of making an educational tour of some city during our Senior year. Until the fall of 1945 many places were being discussed as "the city." At this time Washington, D. C., was chosen to be our destination.

At 5 o'clock on March 22nd thirty-five boys and girls boarded a Greyhound bus in front of the school. Mr. and Mrs. Shell went with them as their chaperones. Later the same day, seven girls and Miss Love left by train with the same destination in mind.

While we were there, we visited many places of interest. Before this they had just been pictures in magazines and newspapers and now they are realities. In special sightseeing buses we visited Lee Mansion, Mt. Vernon, Tomb of the Unknown Soldier, Alexandria, George Washington's Masonic Memorial, and Washington Monument. Along the way we saw many historic places. As individual groups we visited the National Art Gallery, Smithsonian Institute, Pan-American Building, Jefferson Memorial, Lincoln Memorial and other places that each group found to be the most interesting.

Another day's tour included the Senate Office Building, the Capitol, the Supreme Court, and the Congressional Library. On this day we were honored by meeting Senator Taft and Congressman Hess.

It was really a very educational tour plus a lot of fun. Here's hoping that many more classes will work for the same goal.

Latin Club

Messer, R. Vare!man, T. Proctor, L. Miracle, D. Chaney, E. Hagood, F. Stock, M. Griffin, C. Hendrix, V. Martin.

The Latin Club, whose honorary and active membership is limited to those students who have taken or are taking Latin I and II, has had a very propitious year under the capable leadership of its officers.

Consuls.....Fred Ingold, Ellen Hagood

Scribe.....Marilyn Burke

Quaestor.....Margaret Askren

Believing that life is more enjoyable if it is shared with others, the Latin Club "adopted" Luigi Fiorentini, an Italian war orphan. Luigi's mother died when he was quite young; so when his father was killed in the invasion of the Germans, he was alone and destitute. Fortunately, the Foster Parents' Plan War Orphans, Incorporated, a government sponsored organization, took him under its supervision. When the members of the Latin Club decided they would "adopt" an Italian boy about their age as they would have more common interests, Luigi's name was submitted to them by that organization.

Sometime, if and when Luigi's ambition to become a famous journalist is realized, the Lockland Latin students may justly say with pride, "We helped him." Judging from the thanks which Luigi has expressed in his letters to the members, there is no doubt but that they have a sincere and grateful friend. One more link in the chain of international friendship has been welded.

Spanish Club

Vanderhorst. *Fourth Row*—J. Spraul, D. Gerard, W. Cable. *Fifth Row*—C. Ostholthoff, N. Schaffer, P. Nolan.

We enthusiasts of the Spanish Club have really been "eager beavers" this year. At the beginning of the year we had an assembly in which a movie was presented in the language of Spain. Then, on a certain Tuesday night in February, several members of the Spanish Club swooned to the crooning of handsome Tito Guizar and his colorful fiesta of music at the Taft Auditorium. We are all looking forward to that dinner-date at the Spanish Inn which Miss Jacoby is planning for us. Until then—Buen Suerte!

Troop Commitee ..... Miss Estelle Pfaff, Mr. Glenn Morris, Mr. Herald Roettger

The Troop program has been well-rounded and full of fun this year with all kinds of activities being held. Various service projects included the collecting of several hundred comic books for the Red Cross, the volunteering for recreational work at the Welfare Center where abandoned children had no play leaders, the collecting and mending of toys and clothing for these children, and the planning to redecorate the girls' room prior to the passage of the new bond issue.

Two weekends were held at Camp Butterworth, both full of fun. Good cooking out-of-doors, sleeping in tents, taking hikes over the camp, and singing around the campfire are just a few of the good memories stored away for the next trip. A Christmas "date" party at the Legion Home brought out the good chaperoning of the Roettgers and the Skeet Kunz clan, and, incidentally, the possibilities of a barber-shop quartet which practiced in the back room!

Learning about aviation connected with the ground forces brought the distinction of becoming the first Senior Troop in Hamilton County to be awarded the coveted "Wings" as Wing Scouts. Discussions on social hygiene have resulted in lecturers being brought in for the entire high school.

Lady-Baden-Powell's visit in March found the group serving as ushers for the convocation in Music Hall. Together with the other Lockland troops, the girls represented a section of the United States and participated in the program by singing appropriate Scout songs.

Exactly twenty years ago the first Hi-Y club was organized at Lockland High School. It was known then as the "Socii in Schola." Our club also has the distinction of being one of the oldest organizations in Hamilton County.

The same aims that were striven for in 1926 are still a part of the club. The aims, now as then, are to promote the social, scholastic, and moral welfare of the school.

Lockland Hi-Y has held meetings regularly and had speakers on several occasions. Mr. Marty, who is in charge of Glenview and Hillcrest schools, recently gave us an interesting talk on juvenile delinquency. We are planning a number of social activities, including trips, picnics and a joint swim at the Williams "Y." We have twenty-six charter members. The officers for this year are:

President	Jack Spraul
Vice President	Harold Sewell
Secretary	Minart Trump
Treasurer	George Acus

Junior Speech Class

There were fifty-one more students who learned poise and self-control this year by taking speech. Constantly striving for the betterment of the class. We tried to display our talents in a mild way to the public by our first endeavor at Christmas time. Our class presented a choral reading, "Silent Night," to the members of the P. T. A. Having in our class everything from a speech maker to a politician. Miss Aber managed to pick a cast to produce our Junior Class Play, "Footloose." With the help of a verse choir we observed Easter with "Hyacinths on Wheels." During the year, Doris Pittman, Evelyn Hunziker and Don Gerrard represented us on the "Junior Town Meeting of the Air." This year the spot light pointed with pride to Callie Lee Ballard who entered the Prince of Peace Declamation contest. Callie was not a stranger in the contest as she had entered the previous year also. Her untiring efforts and initiative were very much appreciated as there was only one other Lockland student who had gone as far in the contest. In general, the speech course stimulated us to a point where we knew we had derived full benefit from our experiences.

Senior Speech Class

SENIOR SPEECH PLAY, "SPRING GREEN"

In Junior Speech Class you were hard at work learning the principles of dramatics and poise. The day when you had to get up in front of the class with a speech, was something approached with terror. Miss Aber had to drag "Volunteers" from their seats.

In Senior Speech Class we knew all that was to be known about dramatics; we were masters of poise. Shyness was a thing of the past and Miss Aber got desperate enough to nail us to our seats. With all this energy and professional talent, she steered us into the field of the drama. We started the year with a three act play, "Spring Green." For the P. T. A. and the student body, we heralded Christmas with "No Room in the Hotel" and "Hyacinths for Christmas." We were very serious about our Brotherhood Week assembly. We proved that drama ran deep with us by producing four one-act plays; "Undertow," "A Message from Khufu," "Little Prison," and "Everything Nice." Finally we went international with a representative on the Junior Town Meeting.

STARTING LINE UP

Herald "Rick" Roettger

"Rick" has been coach in Lockland High for twenty successful years. His coaching career has included football, basketball, golf, and baseball.

This year, 1946, "Rick's" football team won the M. V. I. L. League Championship with a season record of 8 wins and 1 loss. In basketball, the 1946 team had one of the lowest records of all of "Rick's" teams, but with the loss of 9 out of 14 games by one, two, or three points.

As this book is going to press, "Rick," hoping to promote a good season, is working on his baseball team continuously.

If "Rick's" teams have a bad season all year, no opposing team can tell what will happen in a game which is played with Lockland.

19 - Resume of Football Games - 45

We opened the season with Woodward, losing a close game especially when we were just six inches from the goal line. Score—6-0.

Our boys really shone in beating a class A school, Walnut Hills, to the tune of 12-0.

The big boys in orange from Hartwell tried to stop the Panthers from winning their second game, but they didn't have enough man power. We won, 19-6.

We laid it on again, and this time it was St. Bernard making our third victory of the season. The result read, 20-0.

We packed our grips and traveled over to Norwood. It was our only game away and we brought home the bacon, 19-6.

We stayed in the winning streak by beating our far away friends from North College Hill, 20-0.

Again, someone tried to stop us from winning, but didn't succeed. This time it was Deer Park who let us have a 27-7 victory.

The Cowboys of Wyoming had their hands full when they came over to tackle Lockland. It was a track meet for the Panthers. We won 50-13.

Reading, our most bitter rival, came across the creek to stop the fighting Panthers from winning the M. V. I. L. championship, but they just didn't have what it takes to win. We sealed their fate with a 27-0 victory.

Ohio's Top Ten in Track in 1945

Each year the Ohio Track Coaches Association appoints an honor roll committee. This committee considers the whole season's records and best performances of the high school track athletes of the state. On the basis of their selections, a list of the ten best men in each of the track and field events is prepared, released to the press, and mailed to all the members of the Ohio Track Coaches Association. All of the boys whose names appear on this list are awarded Honor Roll Certificates by the Association.

For the 1945 Season, nine members of the Panthers Team were awarded certificates and had their names circulated through the state as ranking among the best in the state in their respective events.

The following received the ranks indicated:

This year concludes eleven successful years for the Girls' Athletic Association of Lockland High School. We welcomed the junior high girls into our organization as "baby G. A. A.'ers." Their interest and participation in the team sports have given them a lasting place in G. A. A.

The purpose of this organization is well expressed in our Constitution, Article II.

Sec. A—To provide an opportunity for every girl attending high school to participate in games and sports for the development of her physical, mental, and emotional well-being.

Sec. B—To provide a schedule of team games and individual sports after school hours.

Sec. C—To develop good sportsmanship by providing recreational and social activities for members.

A girl who wishes to earn her G. A. A. letter is required to earn one thousand points and an additional two hundred fifty points for each bar. If, at the end of her senior year, the required number of points has not been earned but she has five hundred or more points, she receives her class numeral. This does not apply to the junior high girls.

In the spring, all the members of G. A. A. enjoyed a wonderful picnic-hayride planned by the board to end this year's activities.

During the year we have tried to give an enjoyable program of recreation and fun. While the girls contributed much to the success of G. A. A., it would have been impossible without the time and aid given us by our advisor, Miss Purcell.

ARCHERY

In the fall and spring, Fridays are scheduled days for archery. Being limited to the number of bows, only eight girls could participate at a time. A maximum number of fifty points can be earned giving five points for each time present.

—*Doris Muchmore*

BADMINTON

Badminton began in the spring after the close of basketball. Each girl who wins a game receives five points and the loser, three points. A maximum of fifty points can be earned.

—*Joyce Lacey*

BASEBALL

Baseball begins in the spring on Monday and Wednesday. Baseball is a lot of fun besides giving one plenty of exercise. A girl receives five points for each time present. We also enjoyed competing with outside schools.

—*Bonnie Poteet*

BASKETBALL

Basketball is played on Monday and Wednesday afternoons in the fall and winter. Each girl receives five points for each time present. Fifty points is the maximum. This year both the 7th and 8th graders were included in this sport. The high school team played eight outside games with Wyoming, Reading, and Hartwell winning two of them and tying one. The grade school played the St. James' team and brought themselves a victory.

—*Doris Muchmore*

BICYCLING

Bicycling takes place in the spring and fall of the year. The highest number of points that one can receive is one hundred, a point a mile. Thursday is the regular day for "bike hikes."

—*Margie Hight*

BOWLING

One of the most active sports of G. A. A. is bowling. Although each girl must take her turn being pin girl, this did not discourage anyone. Eighteen girls received emblems besides fifty points for having perfect attendance. Thirteen girls received honorable mention for missing only once. This is a fine record. The three highest averages of this season are 126.4—Dorothy Mueller, 120.5—Diane Grueninger, and 112.5—Evelyn Hunziker.

—*Dorothy Mueller*

DANCING

Dancing was a great success with the help of Mr. Elliot's "Enchanters." The dances were held after each football game, starting about 10:00 and ending at 11:30. We want to thank the public and also the girls who helped make them possible. Each one received five points for every night she worked.

—*Mary Helen Castner*

HIKING

If you happened to see a group of girls walking by singing, laughing, or talking and looking very happy, you can be sure they were G. A. A. hikers. We have enjoyed several all day, supper, and short hikes this fall and spring. Each girl can receive one hundred points, earning two for each mile, for which she also receives an emblem. No "thumbing" is allowed.

—*Anita Watkins*

HORSESHOES

Horseshoes may be played whenever the weather permits on Monday and Wednesday afternoons. Five points are given to the winner of a set (winning 2 out of 3) and three points to the loser. The maximum amount of points that can be earned is fifty.

—*Clara Frey*

POSTURE

Posture week was from April 8 to April 12. Its purpose is to make all students posture conscious and encourage them to have good posture. This is an easy way to earn points as well as to gain the admiration of friends. Remember also that "good posture means good health."

—*Norma Sowder*

PUBLICITY

With the cooperation of the valley publishers activities are put into the papers. If you did not watch the newspaper this year, remember to look next year to see exactly what we're doing.

—*Diane Grueninger*

RIDING

Riding is held throughout the spring and the fall and one girl can earn fifty points during the course of the school year toward her G. A. A. letter, receiving five points each time she rides. The club usually rides once a week, and the beginners are given the main steps in riding by Miss Purcell. Horseback riding is a wholesome and clean sport, and it's your assurance of a pleasing time.

—*Evelyn Hunziker*

SHUFFLEBOARD

Monday and Wednesday reserve for shuffleboard. If you win, you receive five points. To the loser we give three points. For loads of fun and fifty points participate in shuffleboard next year.

—*Mildred Miracle*

SWIMMING

Swimming is an all year sport. During the cooler months you can swim at the "Y" or in the summer at any pool you want. Each girl receives a card which she must have signed at the pool each time she swims. A maximum of fifty points can be earned. Five points are earned for each time she swims. If anyone is interested obtain one of these cards from the manager.

—*Ann McKay*

TABLE TENNIS

Table tennis this year started in December. Quite a few girls played, most of whom received their fifty points. Five points are earned for winning a set (2 out of 3) and three points for losing.

—*Marilyn Burke*

TENNIS

Tennis is played in the spring, every other week in the summer and in early fall. Girls who participate in this game receive five points for winning a set and three points for losing. Please see the manager if you are interested in playing this summer.

—*Imogene Johnson*

VOLLEYBALL

The volleyball season was from September to December. This year because of the 7th and 8th grades being with us we had six teams. A girl being present every time her team played received fifty points. The "Goobers" were the champs of the season. These girls received emblems in the spring.

Calendar

Sept. 4—Here we are again starting another school year. Welcome back, kids. Gee, the Freshmen look green this year.

Sept. 10—By this time I believe every one has met that unmatchable character of Miss Love. Don't give up hope yet, kids.

Sept. 18—Come on somebody, break down and have an assembly. Gee whiz!

Sept. 21—Well, finally we had a pep assembly and the game tonight. We played Woodward but was beat by the score of 6-0. Better luck the next game.

Sept. 25—Freshman Initiation. You know the rest. Poor kids.

Sept. 28—Another game tonight and this time it's a victory for us. Walnut Hills was beat 12-0. What's the matter with the right end—better put some glue on your hands or else get a basket to catch the ball with.

Oct. 2—Gee, the Freshmen really catch on fast. Quite often you see two little freshmen making love in the halls. Live and learn, Wilma.

Oct. 5—Another victory for the Panthers over Hartwell with the score of 19-6.

Oct. 9—Well, everything seems to have quieted down in the English room. Could it be the stern hand of Miss Love over you?

Oct. 12—Say boys keep up that good work. We beat St. Bernard 20 to 0.

Oct. 20—Well, the rings finally arrived, the seniors are all walking with their fingers in view.

Oct. 25—Another victory for our boys; we beat N. C. H. 20 to 0.

Nov. 1—Say, what's the matter with a certain Junior boy—having trouble with your women D. H.?

Nov. 2—We beat Deer Park—25 to 6. If the good playing keeps up we will get the cup again this year.

Nov. 6—Speech class gave a good program on Education week. Good work, Annie.

Nov. 9—Looks like the Panthers were victorious over the cowboys with a score of 50 to 13. One more game and then we will know.

Nov. 13—It seems that all the girls are trying their best to get out of Miss Purcell's gym class. Now you should know that it is required by the State, girls.

Nov. 18—Gee the streets look empty at night. I guess all the boys are staying home and resting up for the game. Please don't laugh.

Nov. 21—Day before the big game and big parade took place. Good luck boys and try your best.

Nov. 22—We knew you could do it. It was wonderful playing against Reading. We won with a score of 27 to 0.

Dec. 1—Motion picture today. Mr. Shell spoke. The team spoke about the game.

Dec. 7—The Minstrel was given to a full house. The more the merrier. The proceeds will be given to the Senior Travel Club.

Dec. 21—"Merry Christmas" everyone and a "Happy New Year."

Jan. 2—Well, how was your vacation, kids?

Jan. 6—The seniors are all excited. They have decided to leave for Washington March 22nd with Mr. and Mrs. Shell and Miss Love as chaperones.

Jan. 16—Assembly today and there was a speaker from India.

Jan. 22—Semester exams began today. Good luck.

Jan. 28—Mr. Byar left today to take over the position as Principal of Reading High. We hate to see you leave, Mr. Byar, but we wish you the best of luck.

Jan. 29—Our boys played St. Bernard tonight and were beaten by the score of 33 to 32. It seems that every one was more than glad to see Dew Rock back on the basketball team. The crowd clapped for 3 solid minutes. Good luck, Dewey.

Jan. 31—It seems that Miss Oliver told Mr. Shell that a few Senior girls were skipping her study. Can anyone blame them?

Feb. 4—Assembly today and Ernie Dalton played the piano. Bonnie Poteet sang and did a fine job of it.

Feb. 7—Mr. Phillips may have a little bit easier life now that Mr. Leflar has returned to take Mr. Byar's place. Let's hope Mr. Leflar has the gift to gab as Mr. Byar did (not of history).

Feb. 8—Rec is back with us after being in the hospital for some time. The student body wishes you the best of health, Rec.

Feb. 11—What did D. and B. Muchmore mean when she said "Big blow out tonight at my house—Mom and Pop have gone away?"

Feb. 12—Lincoln's birthday today but school is in session.

Feb. 13—Dictograph Staff Meeting today. It seems that everything is going to be Okay.

Feb. 18—Assembly on Brotherhood week. Don't you think Bollmer looked pious on the stage?

Feb. 22—Lockland played Reading but lost by the score of 43 to 39.

Apr. 9—Assembly. Seniors gave very good account of all the sights they saw in Washington.

Apr. 12—Jr. and Sr. Prom at Hotel Sinton. Words can't describe the wonderful time everyone had.
